

Member/Partner levels and benefits

The financial support of ISG's members, major donors and sponsors is critical to our work. We are a 501c3 nonprofit organization and memberships are acknowledged as charitable contributions for tax purposes. All levels receive access to member-only events; member discounts; and name on website and annual report. Supporting members and above are acknowledged by level. We also have occasional event and publication sponsorships available. Automatic monthly donations are especially welcome. Contact us for more information.
